TOOTHBRUSH

It may be cool looking, but this electric toothbrush does more than just sit pretty on your vanity. The silicone bristles pulse for a cleaner, instantly brighter smile. "Just one look at your teeth and you know this brush does something different," says Marc Lowenberg, DDS, a cosmetic dentist in New York City. Issa toothbrush, \$199, Foreo, Sephora.com

MASK

"This is a great cleansing mask with an immediate brightening effect," says Stafford R. Broumand, MD, cosmetic surgeon. "Plus, when you peel off the mask, you can see exactly what has been removed from your pores." Luminizing black mask, \$34, Boscia, Sephora.com

"Too much exfoliation can result in broken capillaries and irritated skin," Frank says. "Just add cleanser to this small portable brush to lightly exfoliate your skin without the damage." Mia 1 facial sonic cleansing brush, \$99, Clarisonic.com

EYE CREAM

A good eye cream does so much more than prevent wrinkles. "It moisturizes, makes fine lines disappear and helps eye concealer go on better," Frank says. "It's worth every penny." Sublimage eye cream, \$225, Chanel.com
